MEMORANDUM FOR THE RECORD

SUBJECT : ONCAET Sonic Boom and J-58 Sound Measurements

25X1A

1. On 12 March [redacted] of P&W indicated that his company has personnel, equipment and experience required to make sound measurements of engines. [redacted] was asked to check into the feasibility of having a team and equipment made available for taking measurements out at [redacted]. He promised to report on this matter in a few days.

2. If, indeed, P&W has the capability to do the measurements required by Headquarters, there would be no need to call on either NASA or FAA for this support.
